

Bring Italy into your Home!

Host an Exchange Student from Italy this fall. We are currently looking for host families for the 2011-2012 school year (semester stays are also available) for students from Italy who are excited to come to the USA and learn about our country!

The students have their own spending money and medical insurance and host families provide the home (bed and meals) and most importantly *a caring atmosphere to include them as true family members.*

Schedule your host family interview today and once approved, you will be able to begin building a relationship with your exchange son or daughter and experience a unique opportunity to bring a piece of another culture into your home.

This is a great opportunity available to families, couples without children, empty nesters, and singles.
